SUMMARY

Aspiring **Data Analyst** with a strong foundation in **SQL, Excel, Python, and Data Visualization**. Passionate about leveraging data to drive business decisions, optimize processes, and uncover insights. Experienced in **data cleaning, statistical analysis, and reporting**. Seeking a fresher role to apply analytical skills in a dynamic environment.

SKILL

- **Programming & Querying:** Python (Pandas, NumPy), SQL (Joins, Subqueries)
- **Data Visualization:** Power BI, Tableau
- **Data Cleaning & Preprocessing:** Excel (Pivot Tables, VLOOKUP, Macros)
- **ETL & Reporting Tools:** Power Query, Data Modeling
- **Statistical Analysis:** Hypothesis Testing, Regression Analysis
- **Soft Skills:** Problem-Solving, Critical Thinking, Communication

EXPERIENCE

- Data Analyst Intern | AI Variant**Nov 2024 - May 2025
- Contributed to two major real-world projects: **Adventure Works Sales Analysis** and **Healthcare Analytics**.
 - Analyzed sales and patient data to uncover **trends** in customer behavior, doctor efficiency, and clinical outcomes.
 - Built interactive dashboards in Power BI and Tableau to track **KPIs**, visualize demographic insights, and monitor operational performance.
 - Performed data cleaning, transformation, and aggregation using SQL on large datasets across both domains.
 - **Collaborated with cross-functional teams**, improving data flow and reducing processing time by **15% through enhanced workflows**.

PROJECTS

- Adventure Works**
- **Developed two interactive dashboards:** a **Lead Dashboard in Excel** and an **Opportunity Dashboard in Power BI** to track sales data and support decision-making.
 - **Extracted, cleaned, and transformed** Adventure Works sales data from SQL databases, focusing on **customer segmentation, sales performance, and interaction history**.
 - **Utilized Excel to create detailed data models**, perform advanced data manipulation, and generate insights, ensuring **consistency and eliminating data anomalies**.
 - **Analyzed customer behavior and sales trends**, presenting findings through Power BI dashboards and reports, aiding in **targeted marketing and customer retention**.

EDUCATION

-  **Bachelor of Science in Information Technology (Bsc. IT)**
Satish Pradhan Dyansadhana College, Thane

CGPA: 6.97/10.00
2021-2024
-  **Higher Secondary (12th Grade – Science)**
Satish Pradhan Dyansadhana College, Thane

Percentage: 74%
2021

CERTIFICATES

- Data Analyst Certification (ExcelR)**March 2025
- **Expertise in Excel, SQL, Power BI, Tableau, and Python.**
 - **Advanced data visualization, dashboard creation, and business intelligence techniques.**

Additional Information

- **Languages:** English, Hindi
- **Availability:** Immediate
